

SHUTTLECOCKS

# SHUTTLECOCKS

## Speeds

Speeds indicated here are set according to VICTOR standards.

The speed gradings are great reference for choosing shuttlecocks for different temperatures and conditions.

For areas of higher altitude, lower speeds are suggested.

76 - 32±3.5°C	77 - 25±3.5°C
78 - 18±3.5°C	79 - 11±3.5°C
